Talks And Posters

2026

Heumann P, Aguado-Barrera ME, ..., Seibold P. *Genome-wide association study on fatigue up to 2 years after radiotherapy in men with non-metastatic prostate cancer in the international prospective REQUITE cohort.* Poster presentation at the German Cancer Congress, Berlin, Germany.

2025

Heumann P*, Aguado-Barrera ME*, ..., Seibold P. *Genetic determinants of fatigue up to 2 years after radiotherapy in breast cancer patients.* Oral presentation at the Radiogenomics Consortium meeting, Barcelona, Spain.

2024

Heumann P, Jandu HK, ..., Seibold P. *Genome-wide association study (GWAS) on cancer-related fatigue up to 2 years after radiotherapy in men with prostate cancer in the international prospective cohort study REQUITE.* Oral presentation at the Radiogenomics Consortium meeting, Aarhus, Denmark.

Heumann P, Rosas JC, ..., Seibold P. *Dimensions of fatigue up to five years after radiotherapy in an international multicentre cohort study of non-metastatic prostate cancer patients.* Poster presentation at the World Congress of Epidemiology, Cape Town, South Africa.

Heumann P, Rosas JC, ..., Seibold P. *Patient-reported fatigue up to five years after radiotherapy in an international multicentre cohort study of men with non-metastatic prostate cancer.* Oral presentation at the Annual Conference of the German Society for Epidemiology, Dresden, Germany.

Heumann P, Rosas JC, ..., Seibold P. *Update on longitudinal health-related quality of life up to five years after radiotherapy in an international multicentre cohort study in men with non-metastatic prostate cancer.* Poster presentation at the German Cancer Congress, Berlin, Germany.

Heumann P, Benner A, ..., Seibold P. *Cancer-related fatigue at the end of radiotherapy as a prognostic factor for 10-year overall survival in women with breast cancer.* Poster presentation at the German Cancer Congress, Berlin, Germany.

2023

Heumann P, Behrens S, ..., Seibold P. *Cancer-related fatigue at the end of radiotherapy and overall survival in breast cancer patients: Assessing the prognostic value after 15+ years of follow-up.* Poster presentation at the Annual Conference of the German Society for Epidemiology, Würzburg, Germany.

2022

Seibold P, Heumann P, ..., Rancati T; REQUITE and RADprecise consortia. *Longitudinal course of global health-related quality*

*Equal contribution

of life and fatigue up to 5 years after radiotherapy in an international multicentre observational cohort of men with prostate cancer. Presentation at the German Cancer Congress, Berlin, Germany.

Heumann P, Helmbold I, ..., Seibold P. *Overall and country-specific agreement in symptom reporting between prostate cancer patients and healthcare professionals in the international mul-*

ticentre REQUITE study. Poster presentation at the German Cancer Congress, Berlin, Germany.

Heumann P, Helmbold I, ..., Seibold P. *Agreement in Symptom Reporting between Prostate Cancer Patients and Healthcare Professionals in the international multicentre REQUITE study.* Poster presentation at the Annual Conference of the German Society for Epidemiology, Greifswald, Germany.
